ABOUT

Tee Cee Electrical

Tee Cee Electrical is a highly experienced electrical contracting firm built on a foundation of over 34 years of specialized field expertise, rooted in significant contributions to public works and national housing projects in Zimbabwe. Our journey began in 1991, establishing a deep commitment to safety, quality, and community development through essential infrastructure projects like schools and clinics.

We offer a comprehensive suite of services, including Public Infrastructure Electrical Installation, specialized Healthcare Facility Electrical Services, Educational Institution Electrical Solutions, Electrical System Rehabilitation and Upgrades, and Commercial and Industrial Electrical Contracting. Our mission is to deliver safe, reliable, and high-quality electrical solutions, leveraging our decades of proven technical knowledge.

Vision, Mission, & Values

Our Vision

To be the leading and most trusted electrical contracting company in Zimbabwe, recognized for our unwavering commitment to quality, safety, and the sustainable development of essential community infrastructure.

Our Mission

To leverage over three decades of specialized experience in electrical installation and maintenance, delivering safe, reliable, and high-quality electrical solutions for public, commercial, and private sectors, with a dedication to powering community growth and ensuring client satisfaction.

Our Core Values

| Integrity & Trust

Upholding the highest ethical standards, ensuring transparency, and building lasting relationships based on mutual trust and honesty.

| Expertise & Quality

Delivering superior workmanship and technical excellence, backed by 34 years of proven field experience and a commitment to best practices.

| Safety First

Prioritizing the health and safety of our team, clients, and the public in every project, adhering strictly to all national and international safety standards.

| Community Focus

Contributing positively to the development and reliability of essential public infrastructure, including schools, clinics, and hospitals.

History and Experience

The journey of Tee Cee Electrical's founders began in 1991 as a general and assistant to an electrician within the Ministry of Public Works and National Housing (now the Ministry of Public Works) in Masvingo. as assistants to electricians we upgraded till attaining class 1 (Journeyman) artisan in electrical power engineering and Solar photovoltaics system with (Harare Institute of Technology). This foundational experience in public service laid the groundwork for a career dedicated to high-standard electrical work on critical infrastructure.

With a total of 34 years in the electrical field, our experience spans a diverse range of projects and collaborations, with the directors L.Kubvoruno and N. Madana.

Major Projects We Have Done.

Public Infrastructure

Electrical installation for key community assets, including Mundondo Primary School and High School in Gutu, Chabata Clinic under Zaka RDC, and Taringana High School in Chirumhanzu.

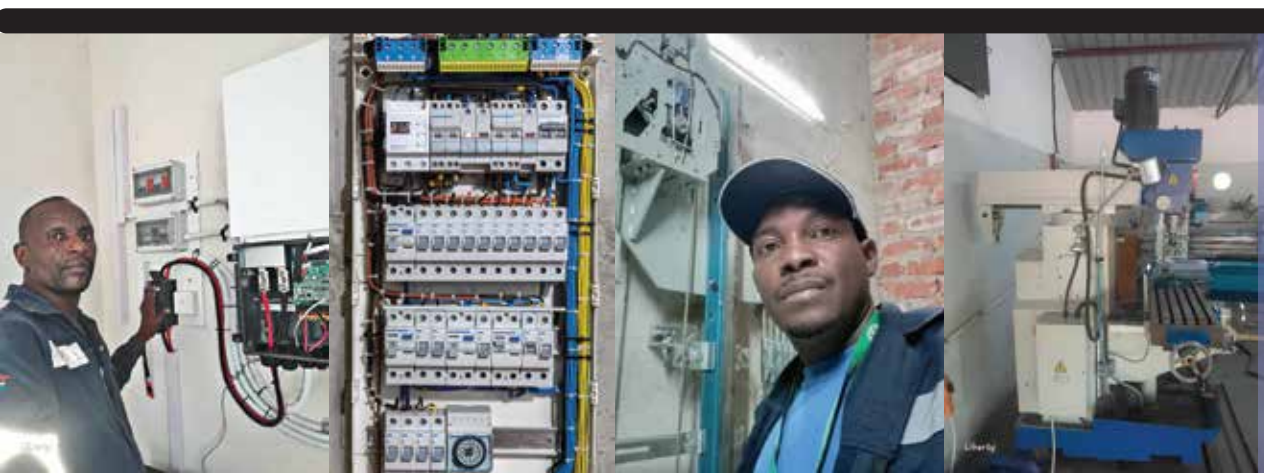

Hospital Rehabilitation

Contributed to the Chibi Rural District Hospital rehabilitation project while working for China Jiansu.

Commercial & Industrial

Gained valuable experience working with established firms such as EMS Electric in Masvingo and Grindale Engineering.

Places and Locations we have done, Magwaza Complex, Tn Victoria Falls Flats, Lesedi Clinic, Primary School And Sec Shool And 528 Lodges.

Our Services

1. Public Infrastructure Electrical Installation

Complete electrical systems design and installation for government buildings, schools, and public facilities. This includes power distribution, lighting systems, and safety installations for educational institutions like Mundondo Primary and High Schools.

2. Healthcare Facility Electrical Services

Specialized electrical work for medical facilities including clinics and hospitals. This encompasses critical power systems, emergency backup power, medical equipment electrical support, and compliance with healthcare electrical standards - demonstrated through work at Chabata Clinic and Chibi Rural District Hospital.

3. Educational Institution Electrical Solutions

Comprehensive electrical services for schools and educational facilities, including classroom lighting, computer lab electrical infrastructure, security systems, and energy-efficient solutions tailored to learning environments.

4. Electrical System Rehabilitation and Upgrades

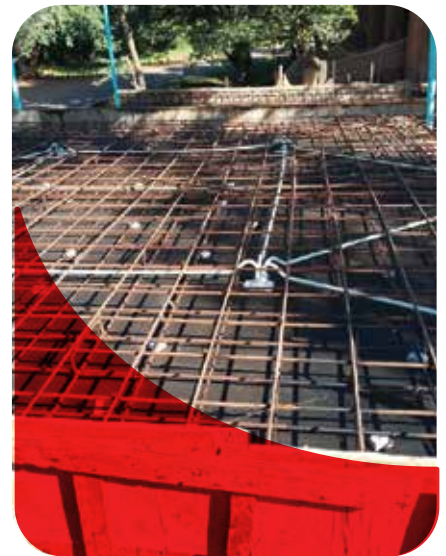

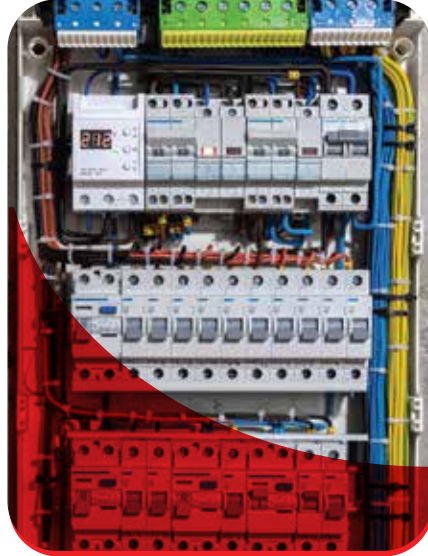

Modernization and rehabilitation of existing electrical systems in older buildings and facilities. This includes upgrading outdated wiring, improving power distribution, and bringing systems up to current safety and efficiency standards.

5. Commercial and Industrial Electrical Contracting

Full-service electrical contracting for commercial and industrial projects, leveraging experience gained from working with established firms like EMS Electric and Grindale Engineering. This includes power systems, motor controls, and industrial equipment electrical installations.
